

C8118

COLLABORATION. EXTENDED.

From standing height to desk height, users are invited to collaborate formally and informally. Power at the worksurface allows users to charge all of their mobile devices. The table combines corner-less curves with straight sides allowing for seamless integration into any application.

70% of workers report using mobile technology throughout the day.*
*Steelcase Workplace Satisfaction Survey

C8119

Derived from the same design language as media:scape, the ScapeSeries table is the ideal complement to applications utilising media:scape with HD videoconferencing. In this application, the ScapeSeries table allows for additional participants, further augmenting collaboration.

A Connecting Hub extension lead with two plug sockets is included. Additional sockets or data connections may be selected. Foot-ring is offered on standing-height table only.

STATEMENT OF LINE

Sitting-height table
80 cm depth
x 100 cm width
1.9 cm thickness
74 cm height

Standing-height table
80 cm depth
x 100 cm width
1.9 cm thickness
97 cm height

Connecting Hub
Dimensions vary depending on the selected combination of power and data outlets.
(the picture does not show a data connection)

SURFACE MATERIALS

Base paint available in:

- WM Arctic White
- SL Platinum Metallic (Silver)
- NM Near Black

Colors are representative and may vary slightly from actual material.

Tops are available in all Steelcase laminates and veneers.

SUSTAINABILITY

Designed by Steelcase, ScapeSeries is manufactured in Rosenheim (Germany) and in the USA for EMEA market (Europe, Middle-East and Africa).

The wooden components of this product are labelled with PEFC.

Sustainability actions and results are annually communicated in the annual Steelcase Corporate Responsibility report.
